THE CEHD GLOBAL EDUCATION EXPERIENCE

Learn new and innovative ways of applying what you have learned in classes and molding that knowledge to fit within different cultural practices. Or compare and contrast how healthcare is performed in different parts of the world.

Traveling abroad will shape you personally and professionally. Experiencing different cultures gives you a greater understanding of individuals and communities that improves your ability to lead and develop classrooms, organizations, and policies for a global, inclusive society after graduation.

FINDING YOUR NEXT DESTINATION

Starting your new adventure is as easy as…

- Exploring what locations we currently have scheduled
- Identifying which trips match your interests & education
- Contacting faculty leaders with any questions about requirements
- Following instructions to apply
- Securing available financial support

FINANCIAL SUPPORT

Don’t let money get in the way of studying abroad. Our staff can help you find scholarships and grants to offset or even cover the cost of your experience completely. Contact the CEHD Global Education office to learn more.
