WHY GO ABROAD?
STUDY, INTERN, VOLUNTEER, RESEARCH

Explore
This is a once-in-a-lifetime adventure that equips you with a fresh perspective of the world and the people in it. Discover new places, cultures, and ideas.

Experience
Take your learning outside of the classroom and grow academically and personally. Along the way, you’ll gain professional skills that employers seek.

Extend
Make new lifelong friends, both from Aggieland and around the world. These connections can help you build both a personal and professional network.

Excel
Set yourself apart by gaining experience and skills that other students don’t. Studies show it can mean getting a job faster and making a higher salary!

YOU CAN AFFORD IT!

Did you know that you can spend an entire semester abroad for about the same cost as remaining on campus?

- $ Pay Texas A&M tuition for most programs
- $ Financial aid can be applied for qualifying students
- $ Tons of scholarships and grants are available

YOU CAN AFFORD IT!

$1.5 MILLION in scholarships awarded annually

NO MORE EXCUSES ... MYTHS DEBUNKED

1. I have to speak another language. While studying abroad is a great way to learn a new language, English is all you need to know for most programs. An intro language course isn’t a bad idea, though.

2. I won’t graduate on time. If you start early and plan carefully, going abroad won’t delay your academic plans. Most programs allow you to earn a full semester of TAMU or transfer course credit.

3. I may not be welcomed because of my identity. We can help you research programs and locations that best match with your racial/ethnic, disability, sexual, gender, religious and/or other identities.

4. International travel is not safe. Education Abroad always considers safety when offering programs and will give relevant guidance if risks do arise prior to or during your trip.
how to prepare for your journey

GET ADVISED
Talk with an academic advisor about going abroad and your academic progress.

10-12 MONTHS OUT

FUND YOUR TRIP
Apply for scholarships, update your FASFA, and consider other personal funding options.

8-10 MONTHS OUT

PREPARE
