Section II: Pre-Departure Considerations

Below are some basic pre-departure considerations and recommended information to collect from participants. The list is not exhaustive of all that could be covered during the pre-departure planning.

Trip Logistics

Education Abroad can provide advice and recommendations upon request. However, it is expected that the Trip Leader will coordinate or assist in coordinating the following:

- Trip location(s) and dates
- Number of participants and support staff needed
- In-country arrangements, including lodging accommodations, transportation, cultural and educational activities, etc.
- Bus, flight or transportation arrangements to/from the destination

Budgeting & Payments

- Create budget based on itinerary and program activities.
- Coordinate with the college, department or organization business office to post program fees to student accounts, if applicable.
- Coordinate with the college, department or organization business office to execute payment of all trip-related expenses (e.g. hotels, airfare, and other vendors) or work with third-party provider to pay associated fees.

Passports

- Ensure that students that do not have a valid passport apply for a passport at least three (3) months prior to departure. More information on the passport application process, fees, and processing time can be found at: http://travel.state.gov/passport/passport_1738.html.
- Ensure that all participants' passports will be valid for the required length of time after the trip's end (usually six months). Each country has different validity requirements. For country-specific requirements, visit <https://travel.state.gov/content/passports/en/country.html>
- Collect color copies (scanned or hard copies) of each participant's passport (photograph and information pages). These must be uploaded to the group registration in the education abroad portal. Students should also carry a color copy of their passport.

Visa Requirement

- A visa might be required by the host country(-ies). For more information on country-specific entry and exit requirements, visit <https://travel.state.gov/content/passports/en/country.html>
- If required, contact the appropriate Consulate to begin the visa application process.

Non-U.S. Citizens (including International Students & Green Card Holders)

- Non-U.S. Citizens may need a visa to enter the destination country. Refer to the destination countries' embassy website for entry requirements based on citizenship. International students also need to have a valid student visa to re-enter the United States upon return from the field trip.
- International students are required to check their visa status and obtain a Travel Signature with International Student Services (ISS) prior to going abroad.

Research International Travel and Security Information

- Determine appropriate carry-on and checked baggage allowance. More information can be found on your airline carrier's website or at: <http://tsa.gov>.
- Recommended airport check-in time: 3 hours prior to departure (for international flights); 2 hours prior to departure (domestic flights).

Health and Medical Considerations

- **Vaccinations**—might be required. See the Center for Disease Control's website (<http://cdc.gov>) for country-specific vaccination requirements. **IMPORTANT: For those groups staying at Soltis Center, must provide proof of bacterial meningitis vaccinations for all student participants per University regulations.**
- **Prescription Medications**—should be transported in its original container with the prescription attached. Remind participants to bring a sufficient supply.
- **CISI Medical Insurance**—for more information regarding Texas A&M's policy with CISI, including coverage limits, see <https://abroad.tamu.edu/Parents/Insurance>. All participants will be enrolled in CISI for the duration of the trip.

Should a participant need medical assistance and is incapacitated, this form can be given to the assisting doctor or medical personnel. This form is embedded in the student's application. Approximately 1 month before the program starts, this form will be sent to the faculty leaders by education abroad, along with all participants' insurance ID cards. Trip Leaders should travel with a copy of this document. This document must be destroyed upon completion of the trip.

Pre-Departure Preparation and Orientations

- Education Abroad will provide required health & safety orientations for all students. It is expected that the trip leader will communicate this requirement to students and work with the education abroad advisor to ensure attendance of all participants. Orientations are scheduled the semester prior and will be shared with the trip leader upon completion of the field trip registration.
- Field Trip Leaders should provide *at least one* orientation specific to their trip for all student participants. Suggested pre-departure orientation topics include, but are not limited to:
 - Behavior and expectations (pre-departure and while abroad)
 - Budget and financial information
 - Cultural and country-specific information
 - Travel and packing guidance
- In addition to the pre-departure orientation, education abroad provides an “[Affording Education Abroad](#)” presentation each month during the fall and spring semesters that is open to any student and discusses scholarships and financial aid for education abroad. Field Trip Leaders could encourage students to go to the presentation or read through the online material.
- Before the group starts, the trip leader should check and make sure that students are enrolled in the required courses, if the program is credit bearing.

Copies of Documents

- Encourage participants to make copies of all important documents (e.g. passport, visa, airline tickets, credit cards- front and back, etc.).
 - Have them leave 1 copy with a trusted family member/friend in the U.S.
 - Take 1-2 copies with them abroad; should be stored securely.

- This can be done online at: <https://step.state.gov/step/>
- Group or individual registration is available

- Finalize and distribute a final copy of the field trip itinerary, emergency contact information, etc. to all participants
- Confirm that participants requiring special documentation (e.g. visa) are prepared for international travel
